

Applications for NYC drone take-off and landing permits are now available.

The Rules of the City of New York (38 RCNY 24) allows members of the public to apply for permits allowing drone take-offs and landings within the five boroughs.

How to Apply

- 1) Create an account at <https://www.nyc.gov/DronePermits>
- 2) Online applications must be submitted up to 30 days in advance of the earliest proposed take-off or landing. Please visit the FAQ section of the webpage for further information.
- 3) Applicants will receive updates on the status of their applications by email

Required Documents

- Government-issued photo ID for applicant and any proposed operator
- FAA pilot certification with small unmanned aircraft system rating
- FAA UAS registration certificate
- Applicable FAA Waivers & other authorizations
- Proof of Commercial General Liability and drone insurance policies
- Details regarding the applicant's data privacy and cybersecurity practices policy
- Additional documents may be required; refer to the rule for more information

DISCLAIMER: When appropriate, the City of New York may alter, postpone, or cancel flights if necessary. All attempts will be made to notify individuals in a timely manner.
